WEST LIBERTY 9 NIPS OIL SPRINGS 5-4 HERE SUNDAY

Visitors Stage 3-Run Rally In Ninth Inning

The local baseballers halted a ninth inning rally here Sunday, just in time to save a 5-4 victory over a high spirited Oil Springs nine.

The West Liberty club held a commanding 5-1 lead as they entered the final frame but found themselves with a slim 5-4 victory when the last Oil Springs batsman was retired.

Hogge Spencer was the starting hurler for West Liberty and was credited with his third triumph of the season against one setback. Richie Stacy started at third base for the local team and came on the eighth with Spencer taking third. Stacy pitched his way through the eighth inning without any difficulty but needed help following a three run outburst in the ninth. Spencer, with one out in the last inning, came back on to get the next two batters on a strikeout and an easy grounder thus preserving the victory for West Liberty.

The Morgan county team broke the scoring column first as they tallied two in the bottom of the third. Two base hits and two Oil Springs errors brought about the scoring. The only other scoring was done in the home half of the seventh inning when three West Liberty runners crossed the plate. Three singles, a hit batsman and the fourth of five Oil Springs miscues caused the uprising.

Oil Springs scored one in the fifth and three in the ninth in their losing effort.

Merle Nickell again played the role of leading hitter as the left-handed first sacker smacked out safeties in four tries. Nickell, who is currently leading the team in batting with an amazing percent of .63, ran his hitting streak to seven consecutive games.

The West Liberty team will play host here Sunday to a strong Berea team which is currently near the top of the Blue Grass standings.

Hugh Coy will be the probable moundman for Berea. Hogge Spencer will be the twirler for West Liberty. The contest should prove to be very exciting as the West Liberty nine will be trying to average an earlier loss to the Berea club.

Prominent Morgan Natives Return For Reunion

Russell Brown Mrs. Lou Lykins Kelly Brown

"Everything looks so prosperous here in Morgan county now," Mrs. Lula Brown Lykins of Norman, Okla., said Sunday during her first visit back to the county of her birth since she moved to Oklahoma 43 years ago.

Mrs. Lykins and her brothers, Atty. Russell Brown of Washington, D. C. and Atty. Kelly Brown of Muskogee, Okla., accompanied by Mrs. Kelly Brown and Russell's daughter, Mrs. Kitty Campbell, were here for a reunion as guests of their nephews, Senator C. K. Stacy and Roland Stacy and families.

Mrs. Lykins and her lawyer brothers were born on Caney, children of the late Allen and Eliza Lykins Brown, pioneer citizens of the county. Russell and Kelly went to Oklahoma in their youth and became noted lawyers, as did also their older brother, the late Atty. H. H. Brown. Mrs. Lykins moved to Ardmore, Okla., with her late husband, F. Malone, who died there several years ago. She has lived at Norman, Okla., since the late Mrs. Wm. H. Stacy was a sister of the three.

Russell and Kelly had visited here several times since they moved away, but it was Mrs. Lykins' first visit back home. She is now 76, but is in good health and enjoys life.

She and her brothers motored up Caney and Stacy Fork to the scenes of their childhood. Most everyone she knew 43 years ago is now gone and the countryside has changed, but she remembered Franklin Benton of Caney, and remembered the Methodist church at Cannel City which she had attended, and the home of the late Mart Conley. They visited briefly at the Franklin Benton home and a reminiscence of earlier days. Mr. Benton remembered that Malone post office was named for Mrs. Lykins' late husband.

"Everything looks so fresh and green here," Mrs. Lykins commented Sunday. "And the homes have been wonderfully improved since I left, and there are so many good roads—everything seems prosperous," she added.

Kelly Brown is a widely known attorney at Muskogee, Okla., and Russell is general counsel for the Independent Petroleum Association of America with headquarters in Washington, D. C.

Mrs. Lykins and Atty. and Mrs. Kelly Brown left Monday to return to their home in Oklahoma, and Russell went to Huntington where he addressed the Rotary Club at noon, and then went on to Washington.

POLITICAL ADVERTISEMENT TURNER PRAISES HALSEY'S RECORD

I would like to express my sincere appreciation and thanks to the voters of the Magisterial district No. 1 for electing me to the office of Magistrate and again electing me to this office this year without opposition. I have tried my best during the past years to work with the other officials of our county in obtaining every improvement possible for Morgan county and I would like to take the privilege of telling the people of Morgan county the record of our County Judge during this period of time.

Reed Halsey has worked with the fiscal court and other county officials on every measure that would be for the benefit of Morgan county. He has taken the lead in planning and obtaining the construction of roads in our county and has been able to get more roads built in Morgan county than has ever been built in any four year period in the history of our county.

It has been a pleasure to serve with him the past four years and I sincerely look forward with eagerness to serve with him the next four years. I solicit the earnest support of all the voters of Morgan county for the reelection of Reed Halsey as Judge of Morgan county.

Welch, Dean of the College of Agriculture and Director of the Agricultural Experiment Station and the Agricultural Extension Service of the University of Kentucky, will be the featured speaker at the Farm and Home Field Day, which will be held on the farm of Mr. and Mrs. Harold Rose at Ezel July 31. Acceptance of the invitation by Dean Welch was received by Charlie Dixon, Morgan County Agent, this week.

Dean Welch came to Kentucky two years ago from Mississippi State College. He has won the acclaim of agricultural and civic leaders from all over Kentucky in his brief term as head of the University's Agricultural services which reach every community in the state. Dean Welch is recognized nationally for his ability and is a member of numerous committees of the United States Department of Agriculture and many private national agricultural groups.

The Dean's special field is agricultural economics. This is a most important phase of our agricultural situation at the present time. A huge crowd is expected to see the farm and home of Mr. and Mrs. Rose and hear Dean Welch and the other capable speakers on the program.

However, these improvements do not come by themselves. Someone has to take the initiative and leadership to get the job done.

It is my honest belief that it will be to the best interest of Morgan county to re-elect Reed Halsey and I am positive that he and I can work together in harmony for the best interests of Morgan county for the next four years and I pledge my wholehearted support to him for his re-election.

POLITICAL ADVERTISEMENT LONNIE SMITH MAKES APPEAL

When the polls close on August 1, I believe I will be the newly elected sheriff of Morgan county. I am convinced of this by the reports I have received from my supporters as well as from some who are supporting my opponent. When the campaign first opened I believe I could have polled a majority of the votes and since then the trend has become even greater in my favor. Especially within the last two weeks have I become stronger. Many voters who at first were not committing themselves have now come out in the open for me.

I am asking the voters of Morgan county to support me on the strength of my record and not on the weakness of my opponent. And I think everyone knows by now that I am not lining up with any other candidate and if elected it will be because a majority of individual voters want me as sheriff. I have lived a simple life as a farmer and have followed the same general course as that of 75 percent of the farmers in Morgan county. I have been a law abiding citizen and supported all progressive farm programs as well as all projects which have been for the upbuilding of Morgan county. I have gone out of my way to accommodate people, and I have always welcomed the opportunity to help someone else.

I have a wife and four children, having lost one son who was killed while working in the logwoods. With the help of my wife I am trying to teach my children to grow up to be fine citizens who stand for the right at all times. I want them to be a credit to their community. If I am elected sheriff, I will do all in my power to get rid of the outlaws so your children and mine can grow up without being molested by those people who have no regard for the law. I feel that the sheriff's office is just about the most important office in the county, and if elected I promise to carry out all my duties, treating everyone alike and being courteous where courtesy is due. One of the duties I will keep foremost in mind is that of visiting churches all over the county and to do all I can to keep down church disturbance. I want the opportunity to prove to the people of Morgan county that the promises I have made are genuine and not just campaign talk. I shall deeply appreciate your help and influence.

Sincerely,
LONNIE SMITH

ANNOUNCEMENT

The 1952 session of the General Assembly, of which I was a member, enacted a law requiring persons applying for old age assistance to give a lien on any real estate they owned before becoming eligible for old age assistance. It is a matter of public record that I DID NOT VOTE FOR THIS LAW. It is also a matter of public record that my opponent J. Everett Bach did vote for this law. Therefore, I feel that I am entitled to the support of the old and needy people and of their friends.

CORRECTION

The Courier's poetry column, "Mountain Muses" for the weeks of June 25 and July 2 was written by Alma Robison Higbee, who was writing for the column as guest editor for John D. Engle, Jr., the regular poetry editor. In Mountain Muses column for June 25 Mrs. Higbee was given credit for her work, but in the column for July 2 the four poems used were not identified as Mrs. Higbee's work. The poems were Lost Flyer, Tall Son, Woman from the Hills and Rendezvous, and Mrs. Higbee should have been identified as the writer of the poems. The Courier is happy to make this correction.

FISHING NEWS

Mr. and Mrs. Chalmers Allen and Mrs. Roy Whitt, Mr. and Mrs. Henry Stacy fished two days last week on Lake Loudon at Elam Boat Dock near Friendsville, Tenn. The men got 38 striped bass. However, since the report was made by the associate editor of the Courier, and her husband helped to catch the fish which she said were brought home for a fish fry, this is probably true. Mr. and Mrs. William May, formerly of West Liberty, are in charge of the dock.

Mr. and Mrs. Clinton Whitt of Redwine caught some fish. Mrs. Whitt got 4 bass and 3 blue gills, and Clinton 2 small ones. The fish wouldn't bite anything except grasshoppers and Mrs. Whitt says the grasshoppers were a lot harder to catch than the fish. Witnesses to this story are Mr. and Mrs. Roy Whitt, Mr. and Mrs. Willie Whitt, Mr. and Mrs. Ransome Whitt, Mr. and Mrs. Arson Lowe and Mr. and Mrs. Kelly Hamilton and Paul and Gay Whitt.

"Beauty lies in the beholder"

Every day we are surrounded by beauty, if we will only stop and take notice of these wonderful treasures around us. . . . They are ours for the asking. The smell of coffee brewing or newly cut grass; the sound of a child's laugh or a bird's song; the feel of a spring rain or a kitten's fur. It is said "two men looked through bars. . . . one saw mud, the other stars." Beauty can be overlooked if we don't train ourselves, and our attitude to constantly be on the lookout for it. Without it, life is vacant. . . . but with it man reaches new spiritual heights.

Remember "beauty is the smile on the earth's face," and it is open to all. . . . It needs nothing but the eyes to see and the receptive mood to appreciate. —West Liberty Funeral Home, Ph. 143.

MAY NOT RAISE PAY

FRANKFORT, Ky., July 13—
Assistant Attorney General M.
B. Hollifield held that once a
fiscal court has established the
salary of a county judge for the
ensuing term it cannot subse-
quently change the figure to a
higher one. However, where the
fiscal court failed to establish a
salary for the county clerk for
acting as clerk of the Fiscal Court
it may make a correction in this
respect.

12% Less Burley This Year Is Prediction

WASHINGTON, July 10—A

The estimate is eight per cent,

With weather conditions having

This year's burley acreage was
estimated at 420,700 acres—7.2
per cent below the previous year.

College Circular Deals With Soils

"Productive Soil," Circular 468
of the University of Kentucky
College of Agriculture of Home
Economics, was written for farm-
ers who want to know how their
soil functions in crop production
and the practical measures they
must use in building up and
maintaining fertility.

Discussions include the nutri-
ents needed for plant growth,
how plants use them and what
to do when they are deficient.

Attention is given to nitrogen,
phosphorus, potash and other el-
ements in soils and plants. Soil
erosion, soil water and tillage are
also treated in the publication.

Copies of the circular may be
had at offices of county agents or
by writing to the college at Lex-

NOW! Ford Master-Guide the last word in Power Steering!

"WHO NEEDS
MUSCLES?"

Master-Guide applies hydraulic steering power automati-
cally . . . and in varying degrees as required . . . right at
the steering linkage, close to the wheels. At the same time
the system serves as a hydraulic shock absorber to keep
road jars and jolts from your hands. As a result all you
do is . . . guide the car . . . Master-Guide supplies the muscles.

It's the newest in a long list of Ford advancements that
make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much!

Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the
low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine.
And Ford's Six—the most modern in the industry—with Overdrive, won the Grand
Sweepstakes in this year's Moblog Economy Run.

Ford first brought to the low-price field a completely automatic transmission that
combines the smoothness of a torque converter and the gas-saving "go" of automatic
gears. Fordomatic remains the most versatile automatic you can buy.

Ford's new "ride" brings you road-hugging and bump-leveling qualities never before
known in low-priced cars. Front end road shock alone has been reduced up to 80%.

Easier-acting suspended pedals. Center-Fill Fueling and Full-Circle Visibility are
just a few of the many important advancements first introduced by Ford.

And now Ford brings you the newest and finest in power steering . . . Master-Guide,
a system exclusive in Ford's field! It's no wonder, then, that Ford is the "Worth More"
car . . . worth more when you buy it . . . worth more when you sell it.

HELPS YOU OUT OF "TIGHT SPOTS!" The tougher the going the more
Master-Guide works for you. For example, if you go off the pavement onto a
soft shoulder or a rough, rutted road, Master-Guide provides the muscles to
keep you on a steady course. At the same time, Master-Guide absorbs the
shock that might otherwise be transmitted to the steering wheel. You'll find all
handling is easier with Master-Guide and that parking requires only one-fourth
the normal effort. Should Master-Guide ever lose its power, the standard steer-
ing mechanism will operate just as usual. Thus, Master-Guide provides new
ease and stability, with a natural feel and full security, wherever you may drive.
Optional on all V-8 models of extra cost.

Test Drive **Ford** with Master-Guide Power Steering!

this is the finest group of base-

MAY FOR CLERK

TO THE VOTERS OF
MORGAN COUNTY—

It is but a short time until the
people of Morgan county will
choose by the democratic way of
free America who will be their
servant as County Court Clerk
for the coming four years.
I want to make the same ap-
peal for your support that I have
been making during this entire
campaign. I ask for your support
and vote on August 1st so that I
may serve you during the next
four years with the best of my
ability, sober judgment and hard
honest work. I believe that if
you will give me your support in
the democratic primary that the
different factions can all rally
together and win by a landslide
in November.

I entered the campaign to work
as hard as I could to gain a vic-
tory. I started my campaign
without any bitterness toward
anyone and I will conduct my
campaign to the end without any
bitterness. This is the first time
that I have ever appealed to you
for your support and vote in any
election so it is an evident fact
that I am not making the race
just because the same fellow ran
against me the last time I sought
an office.
I make my appeal for your sup-
port and vote as a citizen of Mor-
gan county who is honest, sober,
and just with all the people at
all times.
Give me your vote on August
1, and I, in return, will give you
four years of good, honest service
as your County Court Clerk.

A STATEMENT
FOR JOE FANNIN

TO VETERANS:
I am a veteran of World War
and served overseas three years.
I was in many a bloody battle
and made three invasions.
I am asking the veterans and
their friends to support Joe Fan-
nin for County Clerk as I think
he is the man for the job. I don't
have any interest in the office,
only as a friend. And I think
Joe Fannin is as honest and up-
right citizen as there is in West
Liberty.
